Bachelor of Science in Paramedical Technology (Anesthesia/ Blood Transfusion/ Cardiology/ Clinical Psychologist/ Community Medicine/ Emergency Medical Services/ Endoscopy/ Forensic Medical Science/ Histopathology/ Laboratory/ Neurology/ Operation Theatre/ Optometry/ Perfusion/ Plaster/ Radiography/ Transfusion Medicine)
UNDER SCHOOL OF PARAMEDICAL SCIENCES, GHRU, M.P

1. Introduction:

Bachelor of Paramedical Technology is a 3- year full- time degree program offered by various medical institutes in the country. Paramedical Technology is the science that deals with pre-hospital emergency services. A person who works in this field is called a Paramedic. The mainstream work areas in the paramedical science are obstetrics, fracture management, spinal injury management, and general accidents. With an increased demand for skilled paramedics, various career opportunities have opened for young aspirants. Many paramedical institutes in India offer courses in this field at the undergraduate, postgraduate and diploma levels. **Duration**

The Programme for Bachelor of Science in Paramedical Technology shall be Three Years (Annual pattern). Maximum Period of Programme completion: Seven Years + 1 year internship.

Admission to this program is based on the candidate's performance in a relevant entrance exam. In order to be eligible for taking the exam, the candidate needs to have passed the 10+2 examination from a recognized Board with a minimum of 50% aggregate marks in Physics, Chemistry and Biology.

Upon completion of the course, successful graduates find employment opportunities in hospital, nursing homes, clinics, health departments etc. With the opening of various corporate hospitals, the scope for these professionals has increased tremendously. They may also pursue teaching as a profession. Successful graduates of the discipline can also open their own laboratories/ clinics for practice.

Paramedical courses are usually related to the allied healthcare sector. These courses are just as useful and job- oriented as the core courses related to the field of healthcare (nursing, medicine and pharmacy).

Paramedical courses train students into skilled and qualified healthcare workers and technicians. Along with doctors and nurses, allied healthcare workers also play a cohesive role in the smooth functioning of the healthcare industry in India. The demand for paramedical healthcare workers is on the upswing in both India and abroad.

BPMT can be pursued in any of the streams of specialization such as BPMT Laboratory, BPMT Radiography, BPMT Optometry, BPMT Operation Theatre, BPMT Perfusion, BPMT Community Medicine & Emergency Medical Services, BPMT Forensic Medicine, BPMT Radiotherapy, BPMT Neurology, BPMT Blood Transfusion, BPMT Cardiology, BPMT Endoscopy.
